SERANZA PARK

Digital Color Book

Sherwin Williams Color Schemes

Body: The body of the home involves the front, sides, back of the home and garage door. Homeowner also has the option of painting the garage door in Accent I, White or Gel Stain made to look like wood grain: cherry, oak, pine, etc.

Trim: The trim involves the horizontal and vertical elements of the home, such as door frames and window frames. Gutters, downspouts, and similar elements can be painted in the trim color to help them blend into the background.

Accent I: This accent involves the window shutters.

Accent II: This accent involves the front door. Homeowner also has the option of painting the front door in Accent I, White, Black or Gel Stain.
